10. On the night of 10.12.2015, at a time not exactly known to the Plaintiff, Bahaa came to the Store and told the Defendant that he has in his possession a sum of NIS20,000 which was to be used to purchase a gun with which he wanted to execute a terror attack against Jews (hereinafter: the Terror Attack). The Defendant told Bahaa that if he managed to get a gun, the Defendant would participate in the Terror Attack with him. The Defendant and Bahaa talked about the "breachings of Al-Aqsa," and how

the settlers were murdering little children. On the above-mentioned basis, the two agreed to execute a murderous nationalistic Terror Attack against Jews in which they would use a gun and a knife.

11. In the course of that same evening, Bahaa drove to the Abu Dis neighborhood and purchased an FN pistol (hereinafter **the Pistol**) for the sum of NIS20,000 from a weapons dealer whose identity is unknown to the Plaintiff.
12. On 10.13.2015, at a time that is not exactly known to the Plaintiff around 10:30, Bahaa came to the Store and noticed a knife with a long, sharp blade (hereinafter: **the Knife**). Bahaa noted to the Defendant that the knife was suitable for the execution of the Terror Attack, took it and left the Store while finalizing with the Defendant that he would come to the Print Shop. The Defendant waited approximately ten minutes and then left the Store and walked on foot to the Print Shop.
13. When the Defendant reached the Print Shop, Bahaa showed him the Pistol and said that the cartridge of the Pistol contained fourteen bullets. The Defendant took the Pistol and Bahaa explained to the Defendant how to release the safety catch and use it for the purpose of carrying out the Terror Attack.
14. The Defendant put the Pistol in his pants close to his left hip, and Bahaa took the Knife and put it in his pants, close to his hip. After they armed themselves with the Pistol and the Knife, the two left the Print Shop in order to carry out their murderous plan.
15. The Defendant and Bahaa got onto the Moped, with the Defendant drive and Bahaa sitting behind him, and they drove in the direction of the Armon Hanatziv neighborhood in Jerusalem. The Defendant parked the Moped at the neighborhood health fund located near the Armon Hanatziv neighborhood, and the two walked to Armon Hanatziv. The two decided between themselves that they would murder Jewish passengers riding on a bus.
16. The Defendant and Bahaa waited at a bus stop for a bus to come, in order to get on the bus and execute there the Terror Attack.

The murderous Terror Attack

17. When the 78 bus going towards the center of Jerusalem came, the two got on the bus, which was empty of all passengers except for the bus driver Y.Z. (hereinafter: **the Bus Driver**). The two sat down in the middle of the bus without paying for their ride, while promising Yisrael that they would pay soon, and waited for more passengers to get on in order to murder them with the Pistol and the Knife.

20. The Defendant pulled out the Pistol, turned to the back of the bus, and fired at the Passengers from close range toward their heads and upper bodies in order to cause their deaths. At the same time, Bahaa pulled out the Knife, approached the Passengers sitting in the front of the bus and began stabbing them many times in all parts of their bodies, and especially in the upper parts of their bodies, in order to cause their deaths.
21. The Driver, who noticed what was happening, stopped the bus and tried to open its doors to enable the Passengers to flee. Yisrael fled the bus but the Defendant and Bahaa closed the doors after him in order to cause the death of as many Passengers as possible.
22. The Defendant shot all the ammunition he had at the Passengers on the bus and Bahaa stabbed as many Passengers as he could.
23. During the incident, the Defendant shot, among others, one bullet into the head of Haviv of blessed memory, six bullets into the upper body of Alon of blessed memory, one bullet into the head of Richard of blessed memory, and two bullets into the stomach and right hand of S.H.
24. During the incident, Bahaa stabbed, among others, Alon of blessed memory four times in the stomach, Richard of blessed memory in his stomach, M.R. in her back and M.O. several times in her shoulder and chest.
25. When the Defendant finished shooting all the bullets in the cartridge, while Bahaa was stabbing Richard of blessed memory, the blade of the Knife broke and was left stuck in his body. At this point, Bahaa took the Pistol out of the Defendant's hands and one of the two started choking R.A.M. in order to murder him.
26. Border police and other police officers who had been called to the scene after receiving a report on the police communications network, arrived at the scene at this time. Bahaa aimed the empty Pistol at the police officers, who shot him to death and wounded the Defendant in his chest.

[In Arabic] September 8, 2014

- Marwan offered the Defendant to join him in executing a kidnapping of a Jew in order to bring about the release of Palestinian prisoners incarcerated in Israel. The Defendant assented.
2. The Defendant indicated to Marwan that abducting a Jew for purposes of bargaining is a most complicated matter and there is a chance that such an operation would end in their arrest and the death of the hostage. He also noted the past cases of Nachshon Waxman and Nissim Toledano, of blessed memory.
 3. Marwan replied to the Defendant that they would make sure to execute the kidnapping attack without getting caught and they would succeed in using the hostage as a bargaining chip for a prisoner release deal.
 4. The Defendant and Marwan met a few more times, in Hebron, at which meetings, they planned the details of the abduction.
 5. The Defendant made up with Marwan that they would maintain great secrecy in their operations as well as instructed Marwan to recruit others to their cell to assist them in executing the kidnapping. Marwan agreed with the Defendant and told him that he had already recruited another person who would help them.
 6. Marwan and the Defendant planned additional details of the kidnapping. The Defendant raised the issue of vehicles and said that the kidnapping should be executed through the use of a number of vehicles: the first vehicle, which would be used for the abduction that would bear yellow license plates and would be destroyed at the conclusion of the kidnapping as well as a second vehicle, which they would use for escape after they destroy the abduction vehicle in order to cover up their tracks.
 7. The Defendant and Marwan again discussed the manner of the kidnapping and agreed that it would be executed through the use of a number of vehicles, as the Defendant instructed.
The two discussed how the abduction vehicle would be destroyed and decided that it would be destroyed by burning.
The two discussed the location of the kidnapping and decided that the kidnapping would be executed in Gush Etzion because of its proximity to Hebron.
Similarly, the two discussed places to hide the hostages and the times at which they would be transferred from one hiding place to another, and they set aside two designated hiding places in the Hebron area.
 8. After the two finalized the various abduction details, they divided the tasks amongst themselves: Marwan would be the one that would set out in a stolen Israeli vehicle in tandem with the third partner and kidnap the Jew as well as be in charge of obtaining the vehicle, and the Defendant would constitute the "command center level." He would finance the terror attack, supply the required weapons for its execution, and supply all that was necessary for hiding the hostages after the abduction, including supplying food and drink to the hiding place. It was also agreed that the Defendant would bear the responsibility for securing the hiding place of the hostages by reconnoitering and guarding against the arrival of security forces at the place.
 9. The two set out to perform the preparations for the terror attack as they agreed. The Defendant turned to obtaining the financing that was necessary for executing the terror attack and purchasing the weapons and vehicles that they would use in the terror attack.

10. To that end, the Defendant contacted his brother Mahmoud who works in the Al-Nur Association, which is affiliated with Hamas. The Defendant asked him to transfer monies to him from Gaza to the region. Mahmoud, transferred to the Defendant, by way of their mother who lives in Hebron, approximately NIS 150,000 in five separate transfers.
11. The Defendant and Marwan met after the Defendant obtained the required sum, and Marwan updated him that he even succeeded in obtaining NIS 70,000 for purposes of executing the terror attack. With the help of these sums, Marwan secured, with the help of his partner Amer Omar Abdel Qader Abu Eisha (hereinafter: "**Amer**"), a stolen Israeli vehicle for purposes of executing the terror attack and apprised the Defendant of the same. The Defendant instructed him to purchase an additional vehicle that would serve as an escape vehicle after he will have destroyed the first vehicle with which they would kidnap the Jew.
12. At the end of May 2014, after the manner of financing was settled, and the two vehicles were purchased, the Defendant turned toward obtaining the weapons.
13. The Defendant contacted Iyad Qawasme and Adnan Mahmoud Eid Azad [faded] (hereinafter: "**Adnan**") with the request that they buy weapons. Iyad declined to sell weapons to the Defendant, and Adnan agreed.
14. The Defendant purchased **two M-16 rifles, two handguns, and compatible ammunition** from Adnan for a total of NIS 190,000. The Defendant transferred approximately NIS 170,000

prior to the transfer of the weapons and agreed with Adnan on the transfer of the balance of the sum afterward.

15. A number of days afterward, Adnan updated the Defendant that his order had been executed and the weapons were ready. The Defendant notified Marwan, and after a number of days, the Defendant received from Marwan the weapons and ammunition hidden in cardboard boxes. Shortly thereafter, the Defendant transferred the weapons to Marwan.
16. At the beginning of June, the Defendant and Marwan met at the Zahra Mosque in Hebron for a summarizing meeting in advance of the execution of the terror attack. The Defendant examined Marwan's preparedness for the terror attack, and Marwan put the Defendant's mind at ease and told him that he acted as he was requested and that with the help of his partner, purchased two vehicles, one vehicle for executing the abduction and an additional vehicle for the escape as the Defendant instructed.
17. Marwan agreed with the Defendant that the date for the execution of the terror attack would be Tuesday of the week following their meeting, meaning, on June 10, 2014. Two days later, the Defendant and Marwan met again at the A-Shafi mosque. The Defendant ascertained that the terror attack would indeed be put into action on the planned date, and Marwan confirmed that indeed such would be the case.
18. Marwan and the Defendant agreed that after the execution of the kidnapping, Marwan would make a predetermined mark on the traffic sign at the agreed-upon place, thus signaling to the Defendant to begin supplying food and drink to the hiding places that were predetermined as well as begin to securing those places from security forces.
19. On June 10, 2014, the Defendant waited next to the agreed-upon point and not having found the agreed-upon mark, returned to his home.
20. On the next day, June 11, 2014, the Defendant arrived at Marwan's workplace and wondered why the terror attack had not been put into action as agreed. Marwan told him that he had set out with his partner to execute the terror attack, but they did not succeed in kidnapping anyone as they did not locate a suitable target. The Defendant and Marwan agreed that the next day, Marwan and his partner would set out again and put the terror attack into action.
21. **On June 12, 2014, as the Defendant and Marwan agreed, Marwan and his partner Amer set out in a stolen Hyundai, bearing yellow license plates number 30-151-30, toward Gush Etzion. The two were armed with weapons that the Defendant had purchased and sought after their prey.**

Around 10:30 pm, Marwan and Amer arrived at the bus stop next to the Alon Shevut settlement where they observed the three youths, Eyal Yifrach, Gilad Shaar, and Yakov Naftali Fraenkel, of blessed memory, who were on their way home at the end of their school week.

Marwan and Amer picked up the three youths in their vehicle with assurances that they would bring them to their desired destination.

After the three youths got into the backseat of Marwan and Amer's vehicle, Marwan drew out a handgun, pointed it to them, and explained to them that they are hostages and must keep quiet.

When the youths refused to make peace with their fate and refused to listen to the instructions of their captors, Marwan and Amer decided to kill the three youths.

Marwan instructed the three to lower their heads.

At that point, Marwan and Amer pointed the barrels of the handguns that they carried toward the three youths and executed them in an accurate volley of bullets toward their upper bodies while they were still in the vehicle.

Eyal, Gil-ad, and Naftali, of blessed memory, three teenagers in the prime of their lives, were killed on the spot.

22. After the killing of the three youths, Marwan and Amer continued on their way toward Hebron. In the Wadi Hasaka region, Marwan and Amer wrapped the bodies in black plastic bags and threw out the bodies of the teenagers in a plot of land there. Similarly, they poured gasoline on the abduction vehicle and burned it, including the personal effects of the three hostages.
23. Marwan and Amer continued from there in another vehicle, which had been prepared in advance, to Hebron, arriving at the A-Shuhada mosque, where they split up.
24. During that time, the Defendant, as agreed between him and Marwan, arrived at the spot agreed upon between them and hoped to see the mark that they agreed Marwan would etch on the traffic sign that would bear the tidings of the success of the kidnapping and the Defendant's continued operations in the framework of the cell.
